

## **BESST TRAINING:**

From Concept to Impact: Harnessing Conceptual Frameworks to Guide Your Research

**TRAINING DATES:** Fall/Winter 2025

**COST:** \$2100 Internal Rate / \$2650 External Rate

Conceptual frameworks are integral to the research process, serving as structured guides that facilitate understanding of complex phenomena. Join us for an immersive three-day training and dive into the foundational theories and methodologies that shape impactful research; learn how to develop robust frameworks that enhance the clarity and coherence of your studies and dissemination of its findings; apply lessons learned to your own ideas via interactive sessions and collaboration with peers. Skills and insights gained in this comprehensive program will elevate your scholarship and advance your research projects.
